

WEDDING IN DOWOLI

Wolimierz is an idyllic village below the Jizera Mountains, far from busy roads and big-city hustle and bustle.

Our house is integrated into the local Lusatian architecture. There is a tavern with a dining room and a fireplace, a dance hall, a terrace with a view, a large garden with a fireplace and a brick barbecue.

The wedding ceremony can take place at our venue, in the church or in the nearby medieval ruin of Swiecie Castle.

We cooperate with a number of subcontractors, so your ceremony preparation will be comprehensive and stress-free.

We can recommend a wedding photographer, a florist for decoration

and wedding bouquet, a pastry shop to make a beautiful and delicious wedding cake, DJ and ringleader, make-up artist and hairdresser. We cooperate with the USC in Lesna, which performs weddings at our House.

There is also the possibility of a carriage ride for the bride and groom or the purchase of local gifts for guests.

If your wedding will last several days, we will help you organise your free time. We will organise handicraft workshops, glass or ceramic wonders made by the guests themselves will become a beautiful souvenir for the newlyweds.

We also offer walks in the Jizera Mountains, bonfires, biking on the Świeradów singletrack, skiing, canoeing and many other attractions.

We will make you remember your wedding happily forever :)

Aneta and Christopher

"From our side - the newlyweds - we appreciated above all the super organised service. The fact that we didn't have to worry about anything all weekend, and the very relaxed atmosphere which resulted in both sides of the family (mostly meeting for the first time) having a great time. We will be coming back here!" Magda and Peter
